प्र.1 निम्नलिखित गद्यांश को ध्यानपूर्वक पढ़कर पूछे गए प्रश्नों के उत्तर दीजिए—

पशु और बालक भी जिनके साथ अधिक रहते हैं, उनसे परच जाते हैं। यह परचना परिचय ही है। परिचय प्रेम का प्रवर्तक है। बिना परिचय के प्रेम नहीं हो सकता। यदि देश—प्रेम के लिए हृदय में जगह करनी है तो देश के स्वरूप से परिचित और अभ्यस्त हो जाइए। बाहर निकलिए तो आँख खोलकर देखिए कि खेत कैसे लहलहा रहे हैं , टेसू के फूलों से वनस्थली कैसी लाल हो रही है, नाले झाड़ियों के बीच कैसे बह रहे हैं , चरवाहे तान लड़ा रहे हैं, अमराइयों के बीच गाँव झाँक रहे हैं; कछारों में चौपायों के झुंड इधर—उधर चरते हैं उनमें घुसिए, देखिए तो क्या हो रहा है। जो मिले उनसे दो—दो बातें कीजिए, उनके साथ किसी पेड़ की छाया के नीचे घड़ी बैठ जाइए और समझिए कि ये सब हमारे देश के हैं। इस प्रकार जब देश का रूप आपकी आँखों में समा जाएगा, आप उसके अंग—प्रत्यंग से परिचित हो जाएँगे, तब आपके अंतःकरण में इस इच्छा का सचमुच उदय होगा कि वह कभी न छूटे, वह सदा हरा—भरा और फला—फूला रहे, उनके धनधान्य की वृद्धि हो, उसके सब प्राणी सुखी रहें।

पर आजकल इस प्रकार का परिचय बाबुओं की लज्जा का एक विषय हो रहा है। वे देश के स्वरूप से अनजान रहने या बनने में अपनी बड़ी शान समझते हैं। मैं अपने एक लखनवी दोस्त के साथ साँची का स्तूप देखने गया। वह स्तूप एक बहुत सुंदर छोटी—सी पहाड़ी के ऊपर है। नीचे छोटा—मोटा जंगल है, जिसमें महुए के पेड़ भी बहुत—से हैं। संयोग से उन दिनों वहाँ पुरातत्व विभाग का कैँप पड़ा हुआ था। रात हो जाने से उस दिन हम लोग स्तूप नहीं देख सके, सवेरे देखने का विचार करके नीचे उतर रहे थे। वसंत का समय था। महुए चारों और टपक रहे थे। मेरे मुँह से निकला—"महुओं की कैसी महक आ रही है।" इस पर लखनवी महाशय ने चट मुझे रोककर कहा—" यहाँ महुए—सहुए का नाम न लीजिए, लोग देहाती समझेंगे। "मैं चुप हो रहा , समझ गया कि महुए का नाम जानने से बाबूपन में बड़ा भारी बट्ट लगता है। पीछे ध्यान आया कि वह वही लखनऊ है जहाँ कभी यह पूछने वाले भी थे कि गेहूँ का पेड़ आम के पेड़ से छोटा है या बड़ा।

अक्सर जब मैं एक जलसे से दूसरे जलसे में जाता होता , और इस तरह चक्कर काटता रहता होता था, तो इन जलसों में मैं अपने सुनने वालों से अपने इस हिंदुस्तान या भारत की चर्चा करता। भारत एक संस्कृत शब्द है और इस जाति के परंपरागत संस्थापक के नाम से निकला हुआ है। मैं शहरों में ऐसा बहुत कम करता, क्योंकि वहाँ के सुनने वाले कुछ ज्यादा सयाने थे और उन्हें दूसरे ही किस्म के गिज़ा की जरूरत थी। लेकिन किसानों से, जिनका नजरिया महदूद था, मैं इस बड़े देश की चर्चा करता, जिसकी आज़ादी के लिए हम लोग कोशिश कर रहे थे और बताता कि किस देश का एक हिस्सा दूसरे से जुदा होते हुए भी हिंदुस्तान एक था। मैं उन मसलों का ज़िक्र करता, जो उत्तर से लेकर दक्खिन तक और पूरब से लेकर पश्चिम तक, किसानों के लिए यक—साँ थे, और स्वराज्य का भी ज़िक्र करता, जो थोड़े लोगों के लिए नहीं, बल्कि सभी के फायदे के लिए हो सकता था।

1   लेखक यह क्यों कहता है कि यह कुत्ता भूलो जैसा दिखता है ?
2   भूलो व इस कुत्ते में क्या समानता थी ?
3   भूलो की भूमिका में दो अलग—अलग कुत्तों से काम क्यों लेना पड़ा ?

There are two problems which cause great worry to our educationists---the problem of religious and moral *instruction* in a land of many faiths and the problem *arising out* of a large variety of languages.

Taking up the education of children we see that they should be trained to love one another, to be kind and helpful to all, to be tender to the lower animals and to count and calculate is important, but it should not make us *lose sight* of the *primary* aim of *moulding* personality in the right way.

For this, it is necessary to call into aid, culture, tradition and religion. But in our country we have, in the same school, to look after boys and girls born in different faiths and belongings to families that live diverse ways of life and follow different forms of worship associate with different denominations of religion. It will not do to tread the easy path of evading the difficulty by attending solely to physical culture and intellectual education. We have to evolve a suitable technique and method for serving the spiritual needs of school children professing different faiths. We should thereby promote an atmosphere of mutual respect, a fuller understanding and helpful co-operation among the different communities in our society. Again we must remain one people and we have therefore to give basic training in our schools to speak and understand more languages than one to appreciate and respect the different religions prevailing in India. It is not right for us In India to be dissuaded from this by considerations as to overtaking the young mind. What is necessary must be done. And it is not in fact too great a burden.

Any attempt to do away with or steamroll the differences through governmental coercion and indirect pressure would be as futile as it would be unwise. Any imposition of a single way of life and form of worship on all children or neglect of a section of the pupils in this respect or barren secularisation will lead to conflict between school and home life which is harmful. On the other hand, if we give due recognition to the different prevailing faiths in the educational institutions by organizing suitable facilities for religious teaching for boys and girls of all communities, this may itself serve as a broadening influence of great national values.
